Bill – Thanks. We will get back to you on your question about the draft FS review.

I'm copying Frances Zizila, who is transitioning on as the Region 2 attorney for the 17-mile RI/FS. We will send a notice about that shortly.

-Sarah

Subject: RE: Diamond Alkali - LPRSA RI/FS Path Forward

Sarah,

The CPG discussed the proposed July 20 meeting at length and concluded that such a meeting

would be much more productive once we have seen EPA's comments on the draft FS and associated technical memoranda we submitted last year. We had expected to receive those comments some time ago. Please let us know when we can expect to receive those comments. As soon as we receive them, we will be happy to schedule the meeting.

The CPG believes that progress is being made with the RI and modeling comments discussion. The CPG has forwarded its June 16 RI comment meeting summary and will be forwarding shortly its June 28 and June 29 modeling meeting summaries documenting proposed actions for EPA concurrence.

Subject: Diamond Alkali - LPRSA RI/FS Path Forward

Bill and Dawn – Region 2 would like to meet with you on July 20 on this topic. Attending for EPA would be Ray Basso, Michael Sivak (the Acting Special Projects Branch Chief), Jen LaPoma and me. We are available at 11 am until noon, or later if need be.

Last time we spoke, you mentioned inviting Walter Mugdan and Eric Schaaf, but we think that a more productive discussion that truly focuses on the path forward for the 17-mile RI/FS, and how it relates to the 8.3-mile Record of Decision, will result from a meeting at this level.

Please let me know if this date works, and who would attend for the CPG. With those details we can reserve a room.

-Thanks.

-Sarah
